CJS Collective's Mission

To help Pastors,
Congregations and
Believers achieve more
for the Kingdom of God.

Services Offered

Helping Pastors

The Balanced Pastor - 5 Areas to Keep Tuned
This is coming out as a book and training course. Just as a guitar has to have all its strings tuned, so a pastor needs to be tuned in these five areas.

ArmorBearer

The Lead Pastor provides care of the congregation. but is there an organized, purposed care ministry for the pastor and family? ArmorBearer ministry establishes a ministry specifically for the care of the pastor and family in that congregation.

Church Consultation

Do you know the true health of your congregation? Is it growing at the same rate as your community? Has it plateaued or in decline? Know why? A Consultation gives great insight to the health and direction of your congregation.

Freedom Weekends

You can see my testimony on our youtube channel @cjscollective. God set me free of over 45 years of dark, emotional pain and the spirit of suicide. "Mental Health" is a big buzz word today. I show how some have strongholds in their lives and how the Word of God and Christ can set them totally free!

Pastoring today is not easy and I know! I want to use my experience and knowledge to come along side you and help you personally and help you move forward in health and effectiveness.
